## Warranty

- For parts and workmanship, there is a twelve-month guarantee offered by BRALYX.
- The guarantee terms are those included in the BRALYX machine guarantee regulation.

## Installation and training

- The client has 3 days of installation and training at no charge.
- Our company provides high qualified personnel that sets up the machine and explains all the process of disassembling and maintenance. They will also help in the product making and in the development of new products.
- The technician's transportation, accommodation, meals, locomotion, visa and trip costs should be paid by the client as well as US\$ 10 dollars of pocket money per day.
- Daily cost of technical assistance: US\$ 350.00 (three hundred and fifty dollars) per extra day.
- Moreover, the client can contact Bralyx any time by telephone, e-mail or skype and talk to our technicians to clarify doubts or receive training by skype.
